BISHOP
ANDREW GRUTKA

POPE PAUL VI

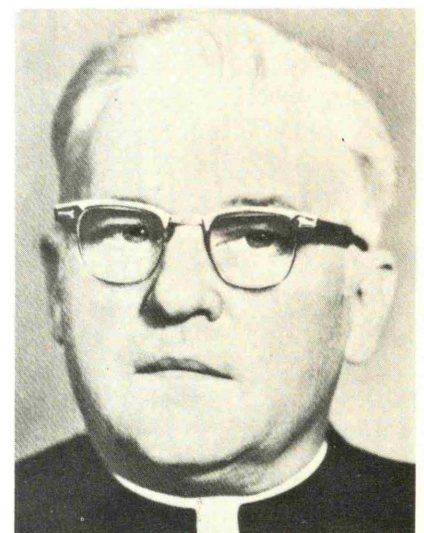

FATHER T. MCGINNITY 1966 -

FATHER PAUL ROEDERER
1946-1963

FATHER FRED RATHERMEL
1939 - 1946

FATHER GILBERT WIRTZ
1963-1966

Dear Parishioners,

It is my sincere wish that this parish directory will be a means of bringing all of us in St. John Evangelist Parish close together. Our parish is alive, full of good, generous, hard working people. A parish devoted to Almighty God for the purpose of attaining their supernatural goal through their parish church.

The names, addresses, phone numbers and photographs in this directory, and the history of our parish, will help all of us know each other better. And knowing each other better, we will feel more comfortable in our relationships and more ready to help each other in our needs.

Whether your picture is in this directory or not, whether your name is in this directory or not, we consider you part of St. John the Evangelist family. We hope you do too.

Sincerely in Christ,

Rev. Ambrose T. McGinnity
Father Ambrose T. McGinnity

A COMPILED HISTORY OF ST. JOHN THE EVANGELIST CHURCH

St. John, Indiana

The Diocese of Vincennes (now Indianapolis) was established by decree of Pope Gregory XVI May 6, 1834, and the see was fixed at Vincennes. The territory then comprised the entire State of Indiana and the eastern part of Illinois (including Chicago which was established as a diocese in 1843). By a decree of Pope Pius IX, January 8, 1857, the northern half of the State was erected into the Diocese of Fort Wayne. The southern half of the State remained the diocese of Vincennes which continued by that name till 1898 when it changed to Indianapolis. On February 25, 1957, four Counties in the northwestern part of Indiana were cut off from the Diocese of Fort Wayne including Lake, Porter, La Porte and Stark Counties, and the see established at Gary and called the Diocese of Gary. Bishop Andrew G. Grutka was consecrated its first Bishop. It is in this diocese and in Lake County that the town of St. John and this parish exists. (Official Cath. Dir.)

The following section of this historical account of St. John Parish is quoted from a book published by Bishop Herman J. Alerding of Fort Wayne in 1907, from articles submitted from all Pastors of the diocese regarding their respective parishes. The article here was written by Rev. Adam M. Buchheit in 1907, then pastor of this parish, St. John the Evangelist Church.

"ST. JOHN, LAKE COUNTY." St. John Evangelist's Church. The Priests who have had charge of St. John's Church at St. John from 1839 till the present time (1907) are as follows: Rev. Francis Fischer from 1839 till the end of 1843; Rev. Anthony Carius from 1843 till July 1849; Rev. Francis Cointet, C.S.C., from April 1850 till January 1, 1851; Rev. B. J. Force, C.S.C., from 1851 till the beginning of 1857; Rev. M. P. Rooney, C.S.C., and E. B. Kilroy, C.S.C., from the beginning of 1857 till June 1857; Rev. Andrew Tusch, from June 1857 to March 1858; Rev. Jacob Mayer, from March 1858 till September 1, 1858; Rev. B. Rachor, from September 1, 1858 till October 1866; Rev. Christian Schilling, C.S.C., Rev. M. Sherer, Rev. M. P. Wehrle, and Rev. Henry Koenig, from October 1866 till November 1870; Rev. B. Rachor, from November 1868 till October 1870; Rev. Anthony Heitman, from October 1870 till July 1, 1906; Rev. A. M. Buchheit, since November 21, 1906. - Across Lake county, situated in the northwest corner of the State of Indiana, the watershed, extending from east to west, separates the St. Lawrence basin from the Mississippi Valley. This line enters the county from the west, in St. John township, passing north of the headwaters of West Creek, which runs very close to St. John and here takes a southwesterly course. In the early days the locality was called Western Prairie, and also Prairie West, but when a post office was established the settlers, at a public meeting, gave it the name St. John. This was done partly because the name of the first German settler was John Hack, who immigrated, in September 1837, with a large family. John Hack's house was located about one mile southeast of the present church (on what is now Joliet Street between the Penn-Central and Monon tracks, where the original cemetery is located). St. John township, not only almost exclusively Catholic but also German, has in it three churches: One at St. John, the other at Dyer, and the Third at Schererville. St. John the Evangelist's Church, in St. John, is the mother church of all the other churches in Lake County. Until 1856 it was known as "Hl. Kruez Auffindung Kirche", (Finding of the Holy Cross Church) as we find it recorded in the old Baptismal record, over the signature of F. Cointet, C.S.C., under date of January 4, 1847. On the same page of that record we find that the Rev. A. Carius blessed the cemetery, comprising about one and a quarter acres. - Until 1839 Father Fischer from Chicago, visited St. John, as a station, twice a month celebrating Mass in John Hack's house. The same Father also visited Bailey-town, an Indian settlement (northeast of Chesterton). In the same year, the congregation, numbering about ten families, built a little frame church, 18 X 24 feet, on John Hack's land, about a half mile southeast of the present church. Bishop de St. Palais (Vincennes) furnished all the money for material and labor on this church.

The lumber and other building materials were transported from Chicago with ox teams, each trip requiring about one week's time. In 1842, in consequence of some trouble, a schism divided the parish, some members siding with John Hack, but the majority with the priest. The Hack faction retained the church, but Father Carius held divine service for the loyal party in the house of John Thiel. In 1844 or 1845, the eighteen loyal families built a log church, the logs, the lumber and the labor for which were donated and \$269.14 expended in cash. Bishop de St. Palis administered Confirmation in this church in 1846, the first Confirmation in Lake County. - "It was under the pastorate of Father Force, that the present (then) church of brick was erected. It measured 90 X 52 feet, with a height of 25 feet, it cost from \$7000 to \$8000. With the exception of putting new shingles on the roof, no improvements whatever have been made since (1907). At the time of the building of the church, the congregation numbered about 120 families. The dedication place, on October 20, 1856, as we see it recorded in the church books over the signature of E. Sorin, who signs himself V. G. The record says that Father Force was the pastor, that

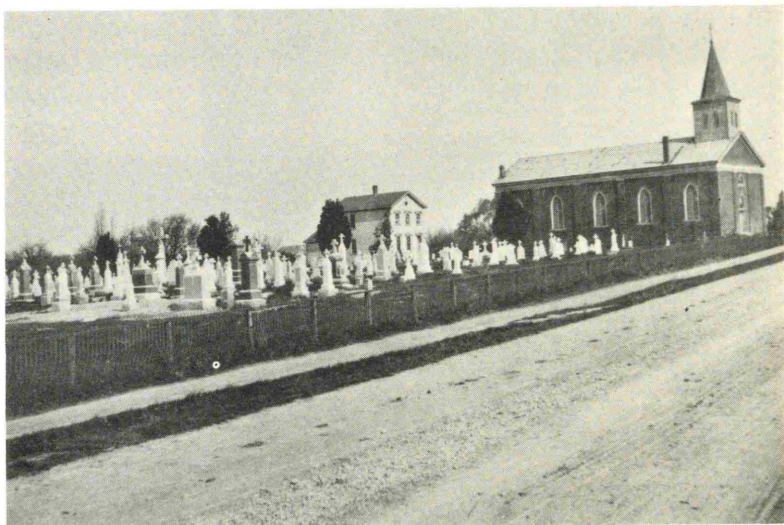

Rev. F. Mayer, C.S.C., celebrated the Mass, that the same preached in German and that Father Sorin preached in English on the occasion. - The first parochial school was opened in St. John, in 1846, by the Brothers and Sisters of the Holy Cross, from Notre Dame. Father Tusch, on August 2, 1857, makes this record on the books in regard to the school: "109 Kinder in der Schule, and der Schwester Conceptschen bezahlt \$15.00" (109 children in school and Sister Conception was paid \$15.00). With the beginning of the Civil War the parochial school was closed, and was continued thereafter as a public or district school. Since September 4, 1903, the Public school built in 1900 was rented for \$150 per year, the congregation again having a parochial school (This was the building used by our parish till 1968 and razed July 5, 1969 after the building of the present new school 1967-69). Two Sisters of St. Francis from Lafayette, teach the school, which has an attendance of seventy-nine children (1907). -

The church property consists of three pieces of land, in all ten acres; four acres, where the present church stands, on which also is situated the old priest's house a two-story building erected in 1859 (evidently the old Sisters' convent razed July 17, 1970), in which Father Heitmann continues to live, and also the cemetery; across the road, opposite the church, two acres on which stands now the first little church, remodeled for a Sisters' residence; the third piece of land, four acres, is located about a half mile southeast of the present church, on which stood the first church and where also was the first little cemetery. The present pastor (Buchheit) is living in a rented house, at a distance of about one block from the church. St. John's parish has a Rosary Society for married women, with twenty members; a Sodality

for single women, sixty-five members, a Sodality for single men, thirty members; the Central Verein, eighty-one members; Catholic Forrester, sixty-two members. - The congregation consists of eighty-nine families, numbering 406 souls. Father Buchheit is about to repair and make improvements, which have become necessary, on the church, to cost about \$500. He also had an architect to prepare the plans and specifications for a new pastoral residence which will contain about twelve rooms, is to be constructed a frame building costing about \$4,500."

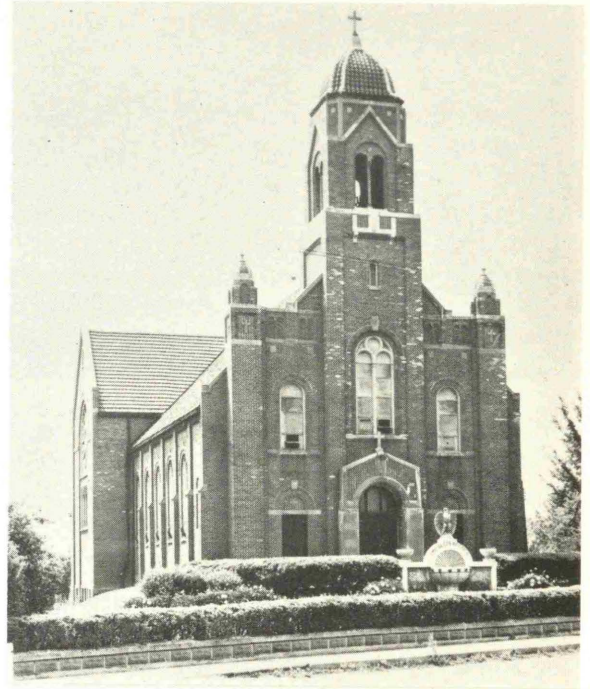

Father Buchheit wrote the preceeding article shortly after arriving at St. John Parish and could have been mistaken with regards to the type of buildings of the first two churches. According to at least two old timers of St. John Parish, the first church built on John Hack's property was of logs--not frame, and the second built across from the present church in 1844 or 45 was frame--not of logs. The present Pastor (Father McGinnity) spoke to both of these men in 1973 regarding this matter. Mr. William G. Austgen, born in 1898, attended St. John Parochial School from 1906 graduating from 8th grade in 1910, and still living near St. John, wrote the following article here partly quoted: "The first Catholic Church in Lake County, Indiana, was a log building erected in 1839 on the property owned by John Hack. The building and land on which it stood was deeded to Celestine de La Hailandiere, the Bishop of Vincennes, in the Year 1843. - After the parish split in 1842, the Church and property were retained by John Hack. The members, loyal to the mission pastor, Father Carius, built another church in the town on the east side of what is now route 41 and south of Schmal (93rd) street. The (original) church became the property of Mr. George F. Gerlach and was moved twice to other tracts of land owned by him. The second location of the church (log) was about a quarter of a mile south of the residence of Mr. William G. Austgen. The writer remembers the church being there as early as 1904. How much earlier than 1904 he does not know. - The church was used by Mr. Gerlach as part-time residence and rental property. When the present Penn-Central Railroad was constructed, beginning in 1904, a deep cut was made

through the long hill to the west of the edifice. This reduced considerable the accessibility of this property from the town. When Nick Boecker was town marshal of St. John, he used this building as a residence for a number of years. After his death it remained vacant. - Mr. Nicholas Backe acquired the land on which the building stood and lopped off most of the trees. This land was subsequently sold for use as part of the Lake Hills Country Club. The Country Club, having no use for the building, it was moved in 1932 to the Fair Grounds in Crown Point. Here it was used as a Boy Scout cabin. - The latest transfer of the log church brought it to its present location on Capuchin Seminary St. Mary property, one-half mile south of Route 30, on Burr Street (NW of Crown Point)."

Father Buchheit in his article refers to the two acres across from the present church on which stands the first little church and later remodeled for a Sisters' residence. It is further proved that this was a frame church from a picture (photograph) of the rectory built by Father Buchheit about 1907 or later after he wrote the history of the parish in 1907. In the picture north of and next to the Rectory is a one story frame building about the size indicated in his account, built in 1844 or 1845. When the first permanent brick church was built in 1856, the frame church was probably used as the convent after the old rectory was built in 1859. It was probably also the school referred to in his account. After 1900 it became a residence. Father Heitman's housekeeper, Dinah Moorman, lived there after the Pastor died where she died in 1914 from burns in the house. In 1917, that building was moved to the property of Joseph Gerlach, born 1870, about one block southeast. Amongst his writings, Mr. Joseph Gerlach indicates that the building was probably the first frame church built in St. John. It was later razed. The rented house referred to by Father Buchheit was probably the one north of the present Rectory on 93rd Street now the Parducci home, built in 1902. - Through the arrangements of Father Buchheit, the Public School, built in 1900 and rented by the parish for a parochial school in 1903, was purchased in 1915, July the 24th for Twenty Five Hundred Dollars. Many present parishioners remember their school days there till it closed in 1968. - Due to ill health, Father Buchheit was retired in 1915.

In 1915, Rev. Anthony Badina came to St. John from St. Joseph's, Hammond, who states that the parish at that time consisted of about 100 families. He writes that he saw the necessity of enlarging the school rooms and giving the Sisters a larger and more modern home. They were moved into the original rectory south of the church built in 1859 and where they remained till 1966 when they were given the option and accepted to move into the Bohling home purchased by the Parish in July of 1965, on Keilman Street directly west of the church.- In 1916, steps were taken to remove the old church building built in 1856 and erect a new and modern church. The church was razed about 1921 and the cornerstone for the new church laid in 1923. Meanwhile Mass was held in the Forrester hall which stood on what is now US 41 and School Streets on the southwest corner, built about 1918 and razed in July 1961. The architectural beauty of the exterior of the new church, which is of Spanish Mission type, as well as the artistic decoration of the interior, stand as a monument, representing the faithful and untiring devotion and efforts of Father Bodina and his people. - When the church was dedicated on September 27, 1925, by Bishop John F. Noll of Fort Wayne, the 115 families then comprising the congregation were told that the church would stand "a credit to any progressive city much larger than a place the size of St. John." (How true that is today, 1974).- About that time, around 1925, when plans and construction of U. S. Highway 41 were being made, the rectory built by Father Buchheit in 1907 or 08 was abandoned which later became the home of Ben Klein, then later a nursing home, then razed in April 1966, the property having been purchased by the Security Federal Savings.

The Frank Thiel Home, built about 1902, was purchased about 1924 by the Parish and became the Rectory and remains so to this day (February 1974).

Bishop Noll who dedicated the new church in September of 1925, was himself just consecrated Bishop in June of 1925. His first confirmation class was here in St. John's new church, and the first confirmed boy was Francis Scheidt, still a young parishioner today with a fine family.

In August 1929, Father Badina was replaced by Rev. John B. Steger as pastor who served the parish till

February 4, 1939. On that date, Father Fred C. Rothermel served till his death on April 21, 1946. On Sunday, October 15, 1939, the parish celebrated its 100th anniversary. Under the direction of Father Rothermel, a field Mass was held in the old cemetery on Joliet Street where the first church was built. Later a dinner in the church basement hall and special festivities in the evening. Around 1943, Father Rothermel contracted for the redecoration of the new church. He also installed a bathroom on the second floor of the Rectory and had the Rectory redecorated.

On July 9, 1946, Father Paul J. Roederer came from St. Bridget's in Hobart to St. John as pastor. He reports that Sister M. Camella was Superior and taught grades 6, 7 & 8, Sr. Hilaria 4th & 5th, Sr. Tiburtia 1, 2 & 3, and Sr. Everilda was house Sister, September 1946; 77 children were enrolled. Each year the enrollment gradually increased to 92 in 1949. In 1949, repairs to the church Steeple cost \$2000. In September 1951, for the first time in nearly 100 years, four teachers taught eight grades; Sister M. Josella, Superior taught 6, 7 & 8, Sr. Joellen 4 & 5 also was sacristan and organist, Sr. Lorena 1 & 2 and Sr. Helen Ann 3rd; 116 students enrolled. In September 1955 only three Sister teachers for 127 students; Sr. Casimira 6, 7 & 8, Sr. Libosa 3, 4 &

5 and Sr. Joseph 1 & 2. In November 1955, the 32 year old church boiler was converted from coal to oil. In 1956 again four Sister teachers & 129 students. In September 1958 tuck pointing and waterproofing of church cost \$8000. In 1959, 166 students were enrolled in school; Sr. Arilda Superior taught 7 & 8, Sr. Camella 5 & 6, Sr. Lorena 1 & 2, Miss Lola Clinesmith 3 & 4. In March 1960 a school building fund was announced; May 1st Bishop Grutka offered 10 AM Sunday Mass for blessing of Foundation Fund. By 1961 school enrollment rose to 171 dropped to 145 in 1962, up to 155 in 1963. In January of 1963, the Plock property west of the Rectory was purchased to make room for the new school then proposed to be built in area of church. June 11th, Father Roederer celebrated his Golden Jubilee as priest, died one week later, June 18, 1963. On July 23rd, Father Gilbert Wirtz was assigned new pastor. In September school enrollment jumped to 171. In October 28 men painted the Rectory outside. Windstorm that summer damaged church windows and roofs. Again in 1965 windstorm damaged all buildings to some extent. In August a concrete floor was put in church basement hall, formerly wooden, made into two classrooms till building of new school. For the first time five teachers teach in five classrooms: Sr. Jerome, Principal 7th & 8th grade, Sr. Louisel 1 & 2, Mr. Stephen Meyers 4th, Sr. Paulita 5 & 6, Mrs. Janet Albert 3rd. In addition to these Carol Wise and Mrs. Nancy Fromm taught reading and math to relieve the other teachers, this in a room rented in an apartment house on 93rd Street. In January 1966 the church basement hall floor was tiled and a partition built to hold two classrooms. The area west of the Rectory was covered with stone for parking. In February the Holy Name Soc. conducted a smoker at the VFW Hall and made a profit of \$1,277. Since 1960 the school children and parish societies conducted various events to raise money for the new school which was planned that it be built beginning in 1963. The fast growing community of St. John, and likewise the parish would soon be in need of a larger and better school. The old one was becoming quite obsolete in many ways. In April of 1966, a small pipe organ was brought from St. Joseph Parish in Gary to our church, costing \$500. The front portion of the interior of the church including the sanctuary was painted, the remainder planned for later. The annual parish picnic in July netted \$12,649.

September 14, 1966, a change in Pastors took Father Wirtz back to Beatty Hospital in Westville, as Chaplain, and Father Ambrose T. McGinnity came from St. Mary's, Kouts. In the beginning of this fall's school term, seven classrooms were, for the first time, in operation: 4 in the old school building, two in the church basement and one in the rented room across 93rd Street. Sister Francis Jerome, Principal, taught 7 & 8, Mr. Meyers 6th, Sr. Pauline 5th, Mrs. Mary Dermody 4th, Mrs. Albert 3rd, Mrs. Cooke and Mrs. Fromm 2nd, and Sr. Agnetis 1st, 148 students enrolled. Since the house on Keilman Street behind the church was vacant, the Sisters moved into it allowing the old convent, built in 1859 to be used as a classroom. The partition in the front and middle room was removed by men of the parish allowing a fair sized classroom thus vacating the rented room on 93rd Street. This was used till the new school was built. This exchange took place on September 30. On September 29th, a new portable altar was set up in the sanctuary of the church and the priest for the first time said Mass facing the people in this church. Around the early part of October, ten men of the parish who formed the building committee for the new school, went with the Pastor to see the Bishop about beginning the building of the new school. Bishop Grutka said to go ahead but to build it in the area of the old school, not by the church. Plans were revised and taken to the architect, Mr. Wm. Butorac who completed them, after their approval by our parish societies and the Bishop. In May of 1967 the bids were sent to Contractors and in May approved. Mr. Tom Gaddis eventually became the General Contractor. Ground-breaking took place on Sunday, June 11, 1967, in conjunction with the Holy Name Society chicken Bar-b-q. Msgr. Stanly Zjawinski represented the Bishop who was in Rome at the time, performed the official ceremonies in the presence of a great crowd of parishioners, Town Officials and visiting clergy and people. The building, "L" shaped, is to stand within 100 feet from the old school, north and west of it. The N-S section comprising eight classrooms, boys' and girls' lavatories, library, boiler room, store room, Principal's Office and Teachers' Lounge, the E-W section containing an all-purpose (Music) room, boys' and girls' shower-locker rooms, Mens' and Womens' rest rooms, a service room and a modern kitchen adjoining the gym, and a Gym also called the parish Hall large enough to play official basketball games and seat over 450 at tables for dinners.

Since the parish was constantly growing in numbers as the town grew, there was need for more parking space. Until 1965, the only parking space was along the sides of the then Joliet Street formerly called St. John-Dyer Road which ran right in front of the church and on across US 41. (This was the main highway from Crown Point through St. John to Dyer and on to Chicago; there was no US 41 till about 1928, then a two-lane highway widened about in the mid 1940's.) About December 1965 a parking space was made available just west of the rectory but this was not nearly adequate. So in April of 1967 all the area east, north and west of the church and around the rectory was leveled, graded, covered with stone and eventually black-topped as it is today (1974). At the same time, the new front platform and steps and railings were built in front of the church. A little later new steps were laid at the northside entrance of the church. This all cost about \$14,000 paid out of Holy Name Soc. funds.

Early in 1967, it became an order from the Sisters' Motherhouse that no Sister be required to teach two or more classes in one room. So in September of 1967, having insufficient room and no available teacher, the Eighth grade was eliminated for one year, probably the first and only time in the history of St. John parish school. One hundred and forty seven Students were enrolled that year. By September of 1968, the school section of the building was sufficiently finished to allow two classes to occupy two rooms, even though the light fixtures had not as yet been installed or tile laid on the floor. Temporary lights were strung up by the Pastor. These two classes moved from room to room while the men worked around them. Finally, on November 27th, the classrooms were completed and all children with desks and teachers abandoned the old school building and church basement (the Convent having been abandoned in September) and occupied the new school building. This was a most joyous day. The few days before, Friday and Saturday after Thanksgiving, parents and others came to move desks and other equipment from the old to the new school. One hundred and sixty two pupils were enrolled that year. This was the first school year that there were eight grades in eight rooms with eight teachers, a jump from 4 to 8 classrooms in five years. During the next two months

that followed (December and January), the pupils went back and forth to the old building to use the rest rooms, the new ones having not yet been finished. By April of 1969, the Gym section and all the new school were practically finished. The Dedication of the new school and Hall-Gym took place on April 27th, conducted by father Casimir Sendarek, the Vicar General, in the absence of the Bishop who was in Czechoslovakia at the time.

On June 14th, extra old desks and other disposable equipment stored in the attic of the old school were auctioned. The end of the old school building came on July 5, 1969. With the approval of the Bishop and the Town of St. John, in the presence of the Pastor, the President of the Holy Name Society, George Kegebein, set fire to the building with the watchful eyes of the St. John Vol. Fire Dept. who kept it under control. The cost of building the new school and Gym, blacktopping school yard architect and other fees, approached \$480,000. According to the financial record book in the Rectory, money for the new school began accumulating in July of 1957. By September of 1967 it reached \$201,000, when payments began to go out to the Contractor and architect. By July of 1968 we began borrowing from the Diocese at 4% interest till May of 1969 when our debt reached \$142,000.00 and our income began to be greater than our expenses. Through the combined efforts of the good people of the parish in their Sunday contributions, work of the parish Societies through dinners, socials, smokers, picnics, etc., rummage sales, rentals of our parish new hall, sports activities, special contributions, benefits from estates, etc. our debt has been gradually reduced to the amount of \$15,000 by February 1974.

On July 17, 1970, the old convent just south of the church built in 1859 as a rectory, having been condemned and interior parts of worth removed and sold, was razed by burning.

During December 1970, vinyl siding and insulation was put on the rectory; 30 broken or cracked panes of protective glass were replaced in the church. A 1970 Chevrolet was presented to the Sisters by the parish for their use. In September 1971 school children began wearing school uniforms. New roof put on church by H. R. Gluth of Hammond, cost \$5,200. In October new roof on Rectory was \$1150. In April 1972, several parishioners donated their time to building a storage building (garage type) on the west end of the church, materials paid for by the Altar and Rosary Society. In May, men of the parish removed all the steam radiators in the church and in July the church boiler. An entirely new heating system was put in the church including radiating pipes and blowers, and a gas-fired hot water boiler, also in the church basement, by Petroleum Piping Cont., costing \$13,182. In September a new roof was put on the convent on Keilman Street. In June of 1972, a church painting contractor began replastering in church and decorating. This included all the wall around the interior of the church and ceiling from the middle on back and vestibule, by Pat Caddle of Chicago, costing

\$10,500. The CYO (High School Students of our parish) was recently revived and held several car washes to raise funds to redecorate the church basement for their meetings and social activities. This is planned to be done soon with the aid of the Holy Name Society. - In September of 1972, a new gas hot air furnace and all new ducts were installed in the Rectory. The following summer, a central air conditioning unit was installed in conjunction with the new furnace. The Stations of the Cross in church were of framed canvass paintings and had become quite dark and almost unrecognizable. One of our Senior girls studying art offered to repaint them. Kay Termini started in November 1972. So far eight are finished and are most beautiful.

To get to the restrooms in church, one had to go outside and reenter by the church basement door and walk to the far back—a difficult task for mothers with babies or young children. In preparation for installing a new restroom in the closet of the vestibule of church, a septic tank had been built during the summer of 1972. In November the new restroom was installed, a single receiving unit for the convenience of everyone. Most all the labor was donated. In December of the same year, new green carpeting was laid in the aisles of the church; the following April, the sanctuary and choir loft were carpeted with the same color and carpeting, paid for by the Altar and Rosary Society. At the same time, the Communion rail had been set down a step and over allowing a wider view of the altar. The high pulpit was cut down and moved to the other side and foreward. In the fall of 1972 and summer of 1973, two high school boys of the parish, under the direction of the Pastor, took down the broken and leaning tomb stones in the cemetery removing the base or foundation stones and placing the face stones or monuments flush within the ground. More are yet to be done. - In the spring of 1972, Mr. Ted Linders and Mr. Tom Prange built new booths with canvass tops to be used at our annual parish picnics instead of having to rent tents which became quite costly. These and all the lumber for the picnics are stored in the new storage building on the west end of the church. - In April of 1973, new green fiberglass doors were installed on the Rectory garage. - The front and side porches of the Rectory were getting badly deteriorated. It was dangerous walking on them. With the exception of the roofs, they were removed. The front was converted into a new front office and covered entrance staircase. The side porch was completely enclosed with combination storm windows with no entrance. This work was done in the summer of 1973. Ceramic tile was put in the shower area of the rectory bathroom and the rest painted, the up and downstairs hallways painted. Later, in December, probably for the first time since about 1943, the bedrooms in the rectory were painted. In June 1973, eight pews from St. Emeric's church, Gary, now closed, were placed in our choir loft.

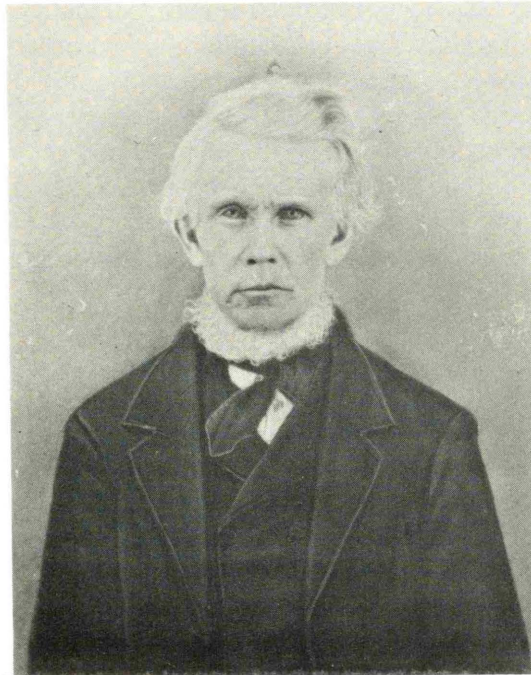

Student enrollment dropped to 147 in 1969 but jumped to 207 in 1970 and continued to increase to 245 in 1973. Teaching are three Sisters and five lay teachers plus one more part time lay teacher to relieve the Principal a half day for her extra duties as Principal. Total salaries of all teachers jumped from \$8,500 in 1964-65 to \$42,000 in 1973-74. Average Sunday collections rose from \$600 a week in 1966 to \$1,650 a week in 1973. The number of families in the parish increased from 112 in 1946 to 200 in 1963 and on to 455 in 1973 and still rising. Total number of souls in the parish in 1946 was about 465; in 1963 there were about 875; on November 1, 1973 there were registered according to exact count 1835 Catholic persons including infants. This does not include those so-called Catholics living in St. John who never attend church.

It is anticipated that the town and the parish will double in population within the next five years, especially if the Town of St. John gets a sewer system and disposal plant. When the new school was built, it was so constructed to allow a second story.

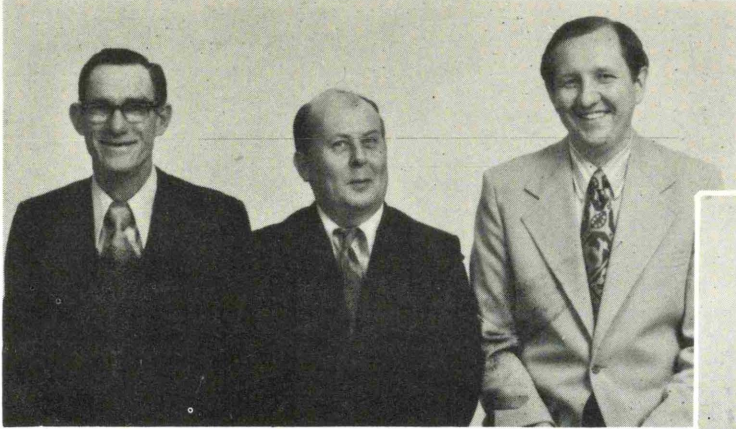

In August of 1970, Father McGinnity celebrated his silver jubilee as a priest, the parish societies served a dinner for parishioners and guests. To the best of his ability, Father McGinnity collected and transcribed the foregoing historical accounts of this parish, February 16, 1974, his 56th birthday.

OLD TIMERS

The following are some of our parishioners today, born and lived here over 50 years. Herbert Backe, Edward Backe, John Backe, Stewart Boecker, Wilfred Bohling, Anastasia Boecker Denger, Marie Dewes, John Dewes, Elmer Dewes, William Doescher, Adeline Gerlach, Anthony and Lorraine Gerlach, Dora Gerlach, Raymond Gerlach, George E. Herman, George and Alvina Herman, Raymond Herman, Edna Hero, Martin Hoernig, Coletta Hoffman, Loretta Herman Huseman, Gertrude Spanier Huseman, Frank Huppenthal, Ruth Keilman, Bernard Howard Keilman, Frank and Josephine Miller, Andrew Niebling, Emil Niebling, Albert Niebling, Mary Niebling, John and Amelia Pfeifer, Sylvia Schilling, Estelle Schilling, Clarence and Josephine Scheidt, Francis Scheidt, Ralph Scheidt, Robert Scheidt, Agnes Schiesser, Hilda Schiesser, Susan Spanier, Helen Strong, Florence Stumpe, Andrew Thiel, Myrtle Thiel, Daniel Thiel, James Thiel, Mary D. Thiel, Roy Weaver, Louise Weis (and Helen Stark who died recently).
